

March 19, 2021

Early Head Start Families,

As of March 29, 2021, we will starting other students back to their normal classroom schedules by serving them full-time Monday thru Thursday. This may cause a slight delay in your drop-off time and wanted you to be aware of this.

We also are in the process of planning to allow for extended hours of service for your students and those that need longer service days. The plan is to have an update for you near the middle of April.

We are currently working on a survey to go out to the families to make sure we understand the needs for service.

Thank you for your patience as we transition back to full-time services for families.

Sincerely,

Teresa Martin  
Executive Director
